The Contracting Authority received a question related to local open tender procedure **CB006.2.12.039 /W - Construction AOT in Nevestino**.

THE QUESTION IS:

On the contract notice call for tender "Construction AOT in Nevestino" it's specified the following:

This contract is divided into lots: No

Also, under this call for tender, the tenderer should submit "Tender form" and present it in the format, provided by the contracting authority. In particular, the following points will have to be declared for in the part 3. TENDERER'S DECLARATION(S) of the form:

2. We offer to execute, in accordance with the terms of the tender dossier and the conditions and time limits laid down, without reserve or restriction, the following works:

Lot No 1: [description of works] [for subcontractors: description of the portion covered by the subcontract]

Lot No 2: [description of works] [for subcontractors: description of the portion covered by the subcontract]

3. The price of our tender [excluding the discounts described under point 4] is:

Lot No 1: [.....]

Lot No 2: [.....]

4. We will grant a discount of [%], or [.....] [in the event of our being awarded lot No ...and lot No].

It follows from the above that the tenderer should provide information for at least 2 lot-s. However the call is not divided in lots. We would therefore be delighted to have clarification on this point.

ANSWER OF CONTRACTING AUTHORITY IS:

According to published Instruction to tenderers, section 11.2 - The works are not divided into lots. The same information is confirmed in Contract notices, II.1.6) Information about lots.

Howeve
r, the
templat
e of

tender form gives the option if there are lots, information for them to be presented. In our particular tender, based on the fact that there are no lots, the information for description of works, and proposed price must be given for the tender as a whole. The tenderers should delete the words related to lots and fill in applicable information, which will not be considered as change of template.

Yours sincerely,
